TUBES

THE WARM SIDE OF DESIGN

Pr.Lst.2024.eu.EN supplement¹
(Valid from 16.04.2024)

GENERAL Index

ELEMENTS Collection

ELECTRIC (24V)

The range of electrical solutions in the Elements collection has been supplemented with new models which, like the I Ching heated towel rail, operate at 24 Volts. Owing to their low voltage, these products designed for the bathroom can also be placed in wet areas such as a walk-in shower or above a bathtub.

RIFT/reverse	supplement (electric 220 V)	page.	20

BASICS Collection

SMART Family

The SMART Family line is an innovative line of heated towel rails distinguished by the constant pace of elements which allows you to insert towels whatever its position. The SMART Family line supplements the traditional and historic line of heated towel rails in the BATH line.

ELECTRICAL MANAGEMENT of TUBES models

Tubes has always offered a comprehensive range of hydraulic and electric solutions. The latter can be accessorised with a range of thermostats for temperature adjustment. Among its line-up, Tubes now also offers a new Wi-Fi thermostat.

Transformer KIT** Required component

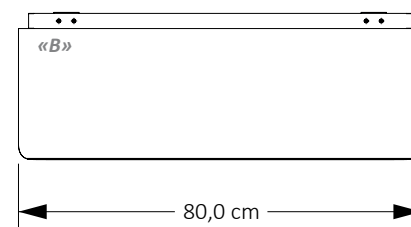

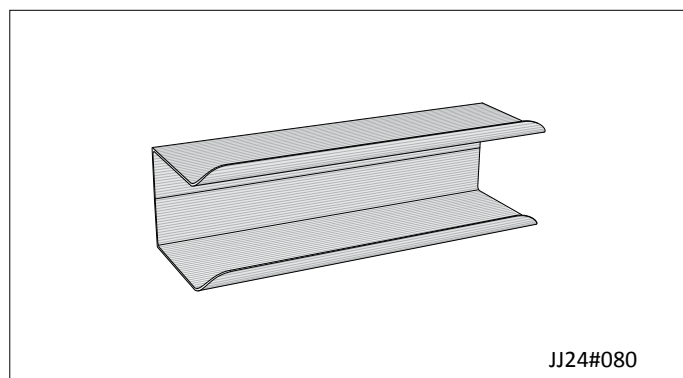

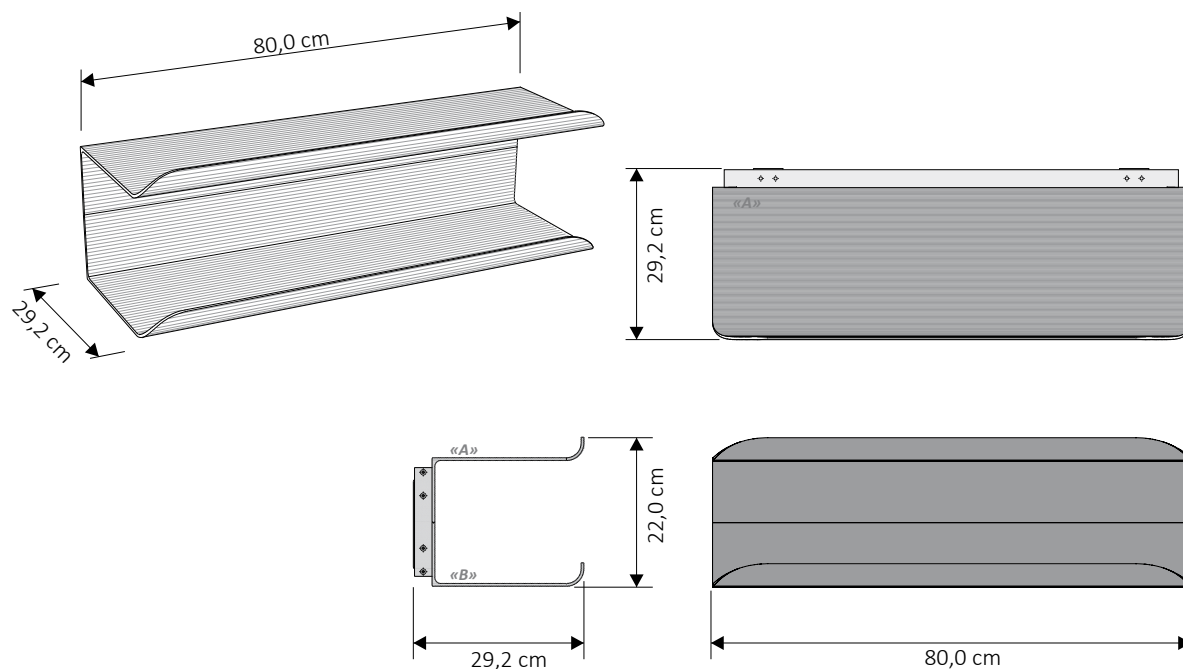

Model	Description	Price (€)
KIT_TSF3#01---	Recessed transformer kit without set-up for switch 2X150W (dimensions 39.7x15.4x7.0 cm)	186,00

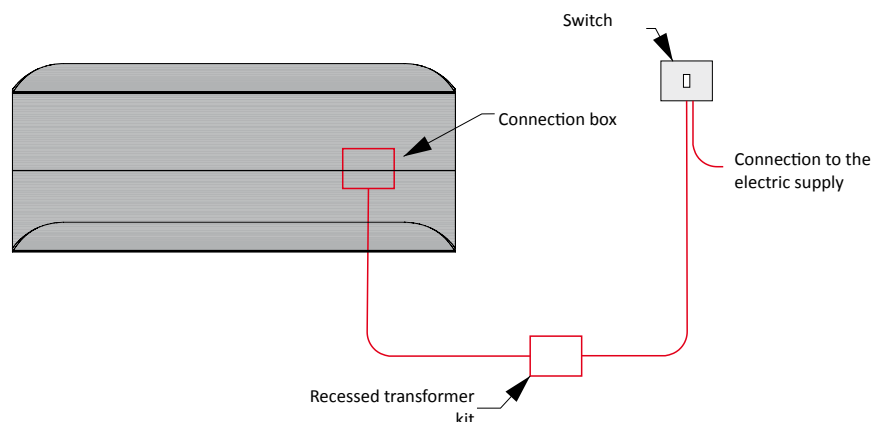

** The Kit includes the recessed box and the transformer.

ELECTRICAL MANAGEMENT

Like the models in the Elements collection, JJ can be connected to the electrical system via thermostat too. To find out more about the Tubes line of ZRF thermostats, check page 52 of this price list.

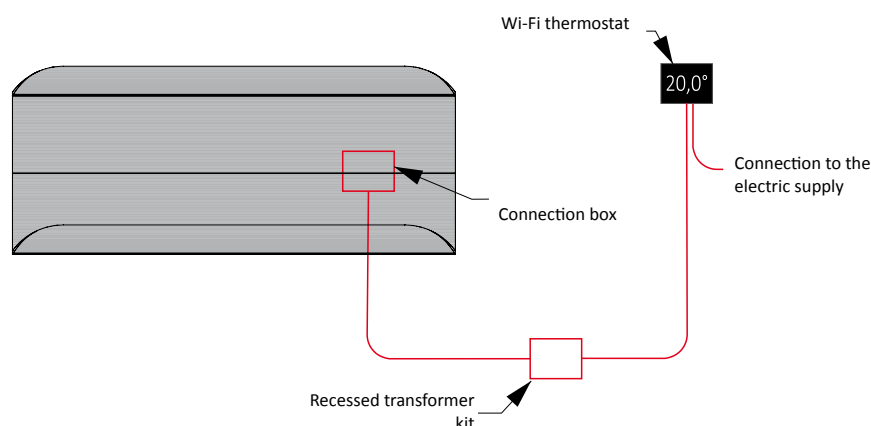

CONNECTION AND CONTROL MODE

DIRECT connection

DIRECT connection to the electric supply and/or to the system.

Connection to the Wi-Fi Thermostat (New)

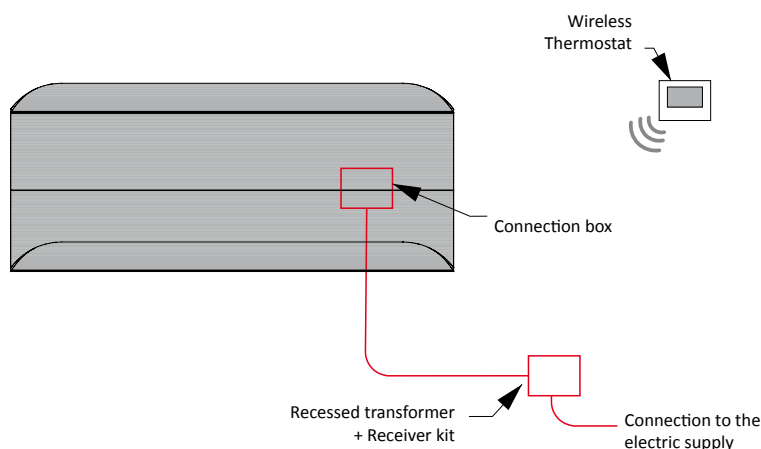

Connection to the Wi-Fi thermostat.

Using the Wi-Fi connection, the radiator can be managed manually on the display or remotely via the Vimar View App and/or voice assistants (Google Home, Amazon Alexa, IFTTT services).

The thermostat is supplied as an accessory upon request.

Connection to the Wireless Thermostat (ZRF007)

Connection via Wireless Thermostat

Using the connection of a radio receiver located inside the connection box to the electric supply, the radiator can be managed manually on the thermostat display.

The thermostat is supplied as an accessory upon request.

CAUTION:
MAX distance between Transformer kit and radiator 10 m with cable cross-section of 1.5 mm; if the distance increases, the cable cross-section must be increased in proportion.
The cable is NOT supplied.

ELECTRICAL MANAGEMENT

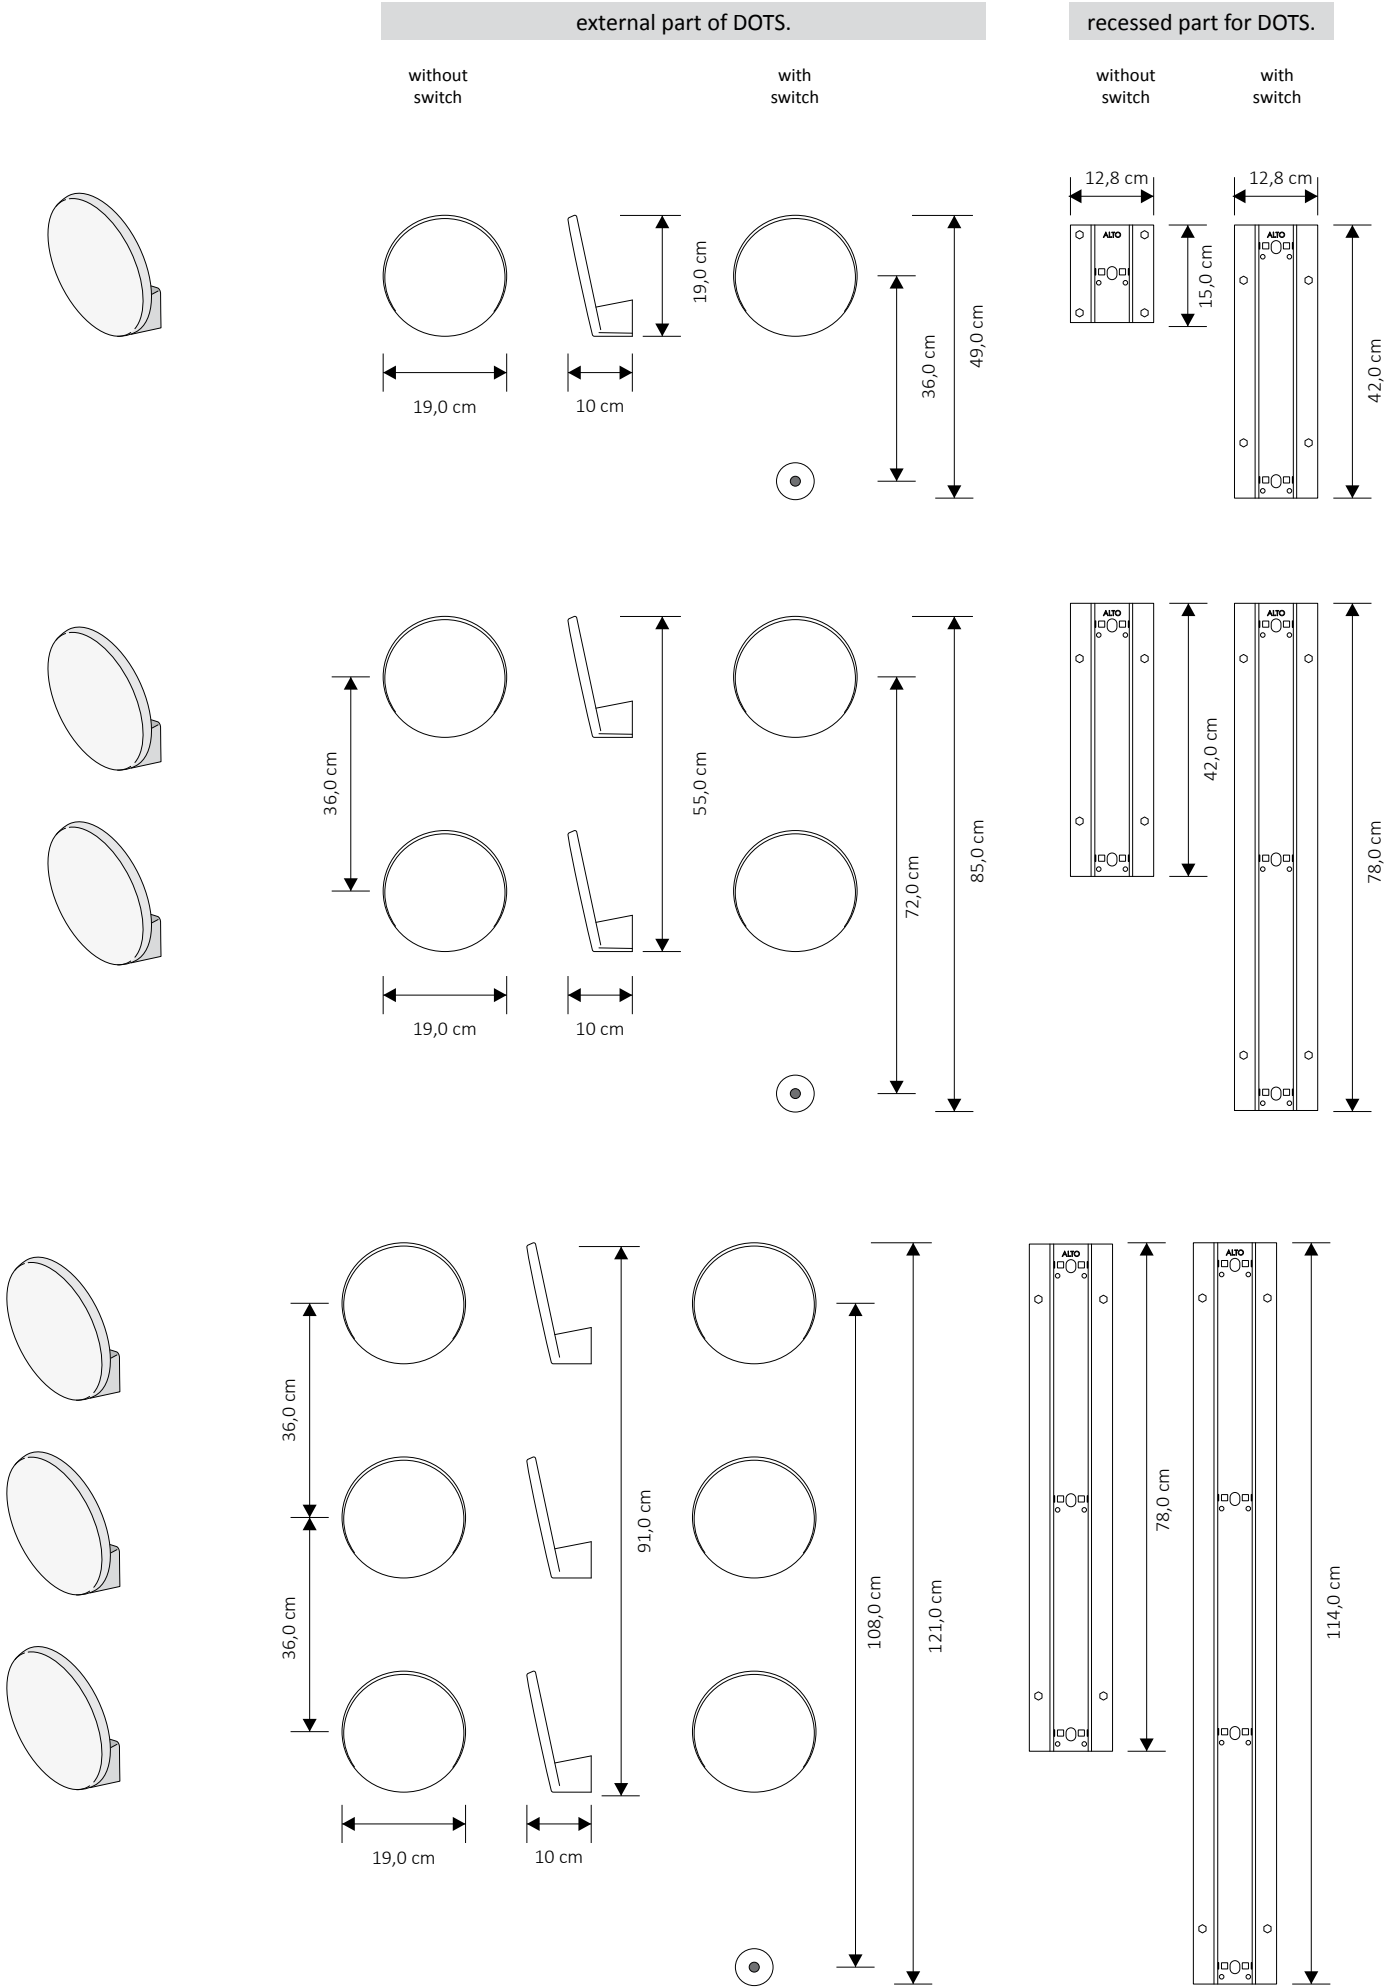

Like the models in the Elements collection, JJ can be connected to the electrical system via thermostat too.
To find out more about the Tubes line of ZRF thermostats, check page 52 of this price list.

CONNECTION AND CONTROL MODE

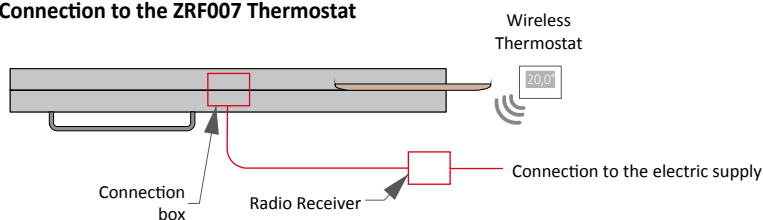

DIRECT connection

Connection to the WI-FI ZRF081/082 Thermostat

Connection to the ZRF007 Thermostat

Wi-Fi thermostat (code ZRF081/ZRF082)

The WI-FI thermostat uses the household Internet connection so the product can be managed manually or remotely via the Vimar View App and voice assistants (Google Home, Amazon Alexa, IFTTT services).

It is available in WHITE (code ZRF081) and BLACK (code ZRF082) with an additional charge of **37,00 €** on the price of the desired Wireless/WI-FI electric model.

Digital Chronothermostat (code ZRF007)

The ECOdesign WIRELESS thermostat uses the connection of a radio receiver located inside the connection box to the electric supply (included in the price) so the radiator can be managed

It is only available in WHITE (ZRF007) at no additional charge in the Wireless/WI-FI versions of RIFT | reverse.

RIFT | reverse Electric version

**** ZRF WALL-MOUNTED THERMOSTATS**

The electric version with ZRF wall-mounted thermostat can have the following possibilities by adding the following additional charges to the price shown in the table:

code ZRF 007	Wireless Thermostat + Receiver	No additional charge
code ZRF 082	Wi-Fi Thermostat Black	37,00 €
code ZRF 081	Wi-Fi Thermostat White	37,00 €

SMART FAMILY

SMART Family is an innovative line of heated towel rails distinguished by the constant pace of the elements, making them ideal for storing and heating towels.

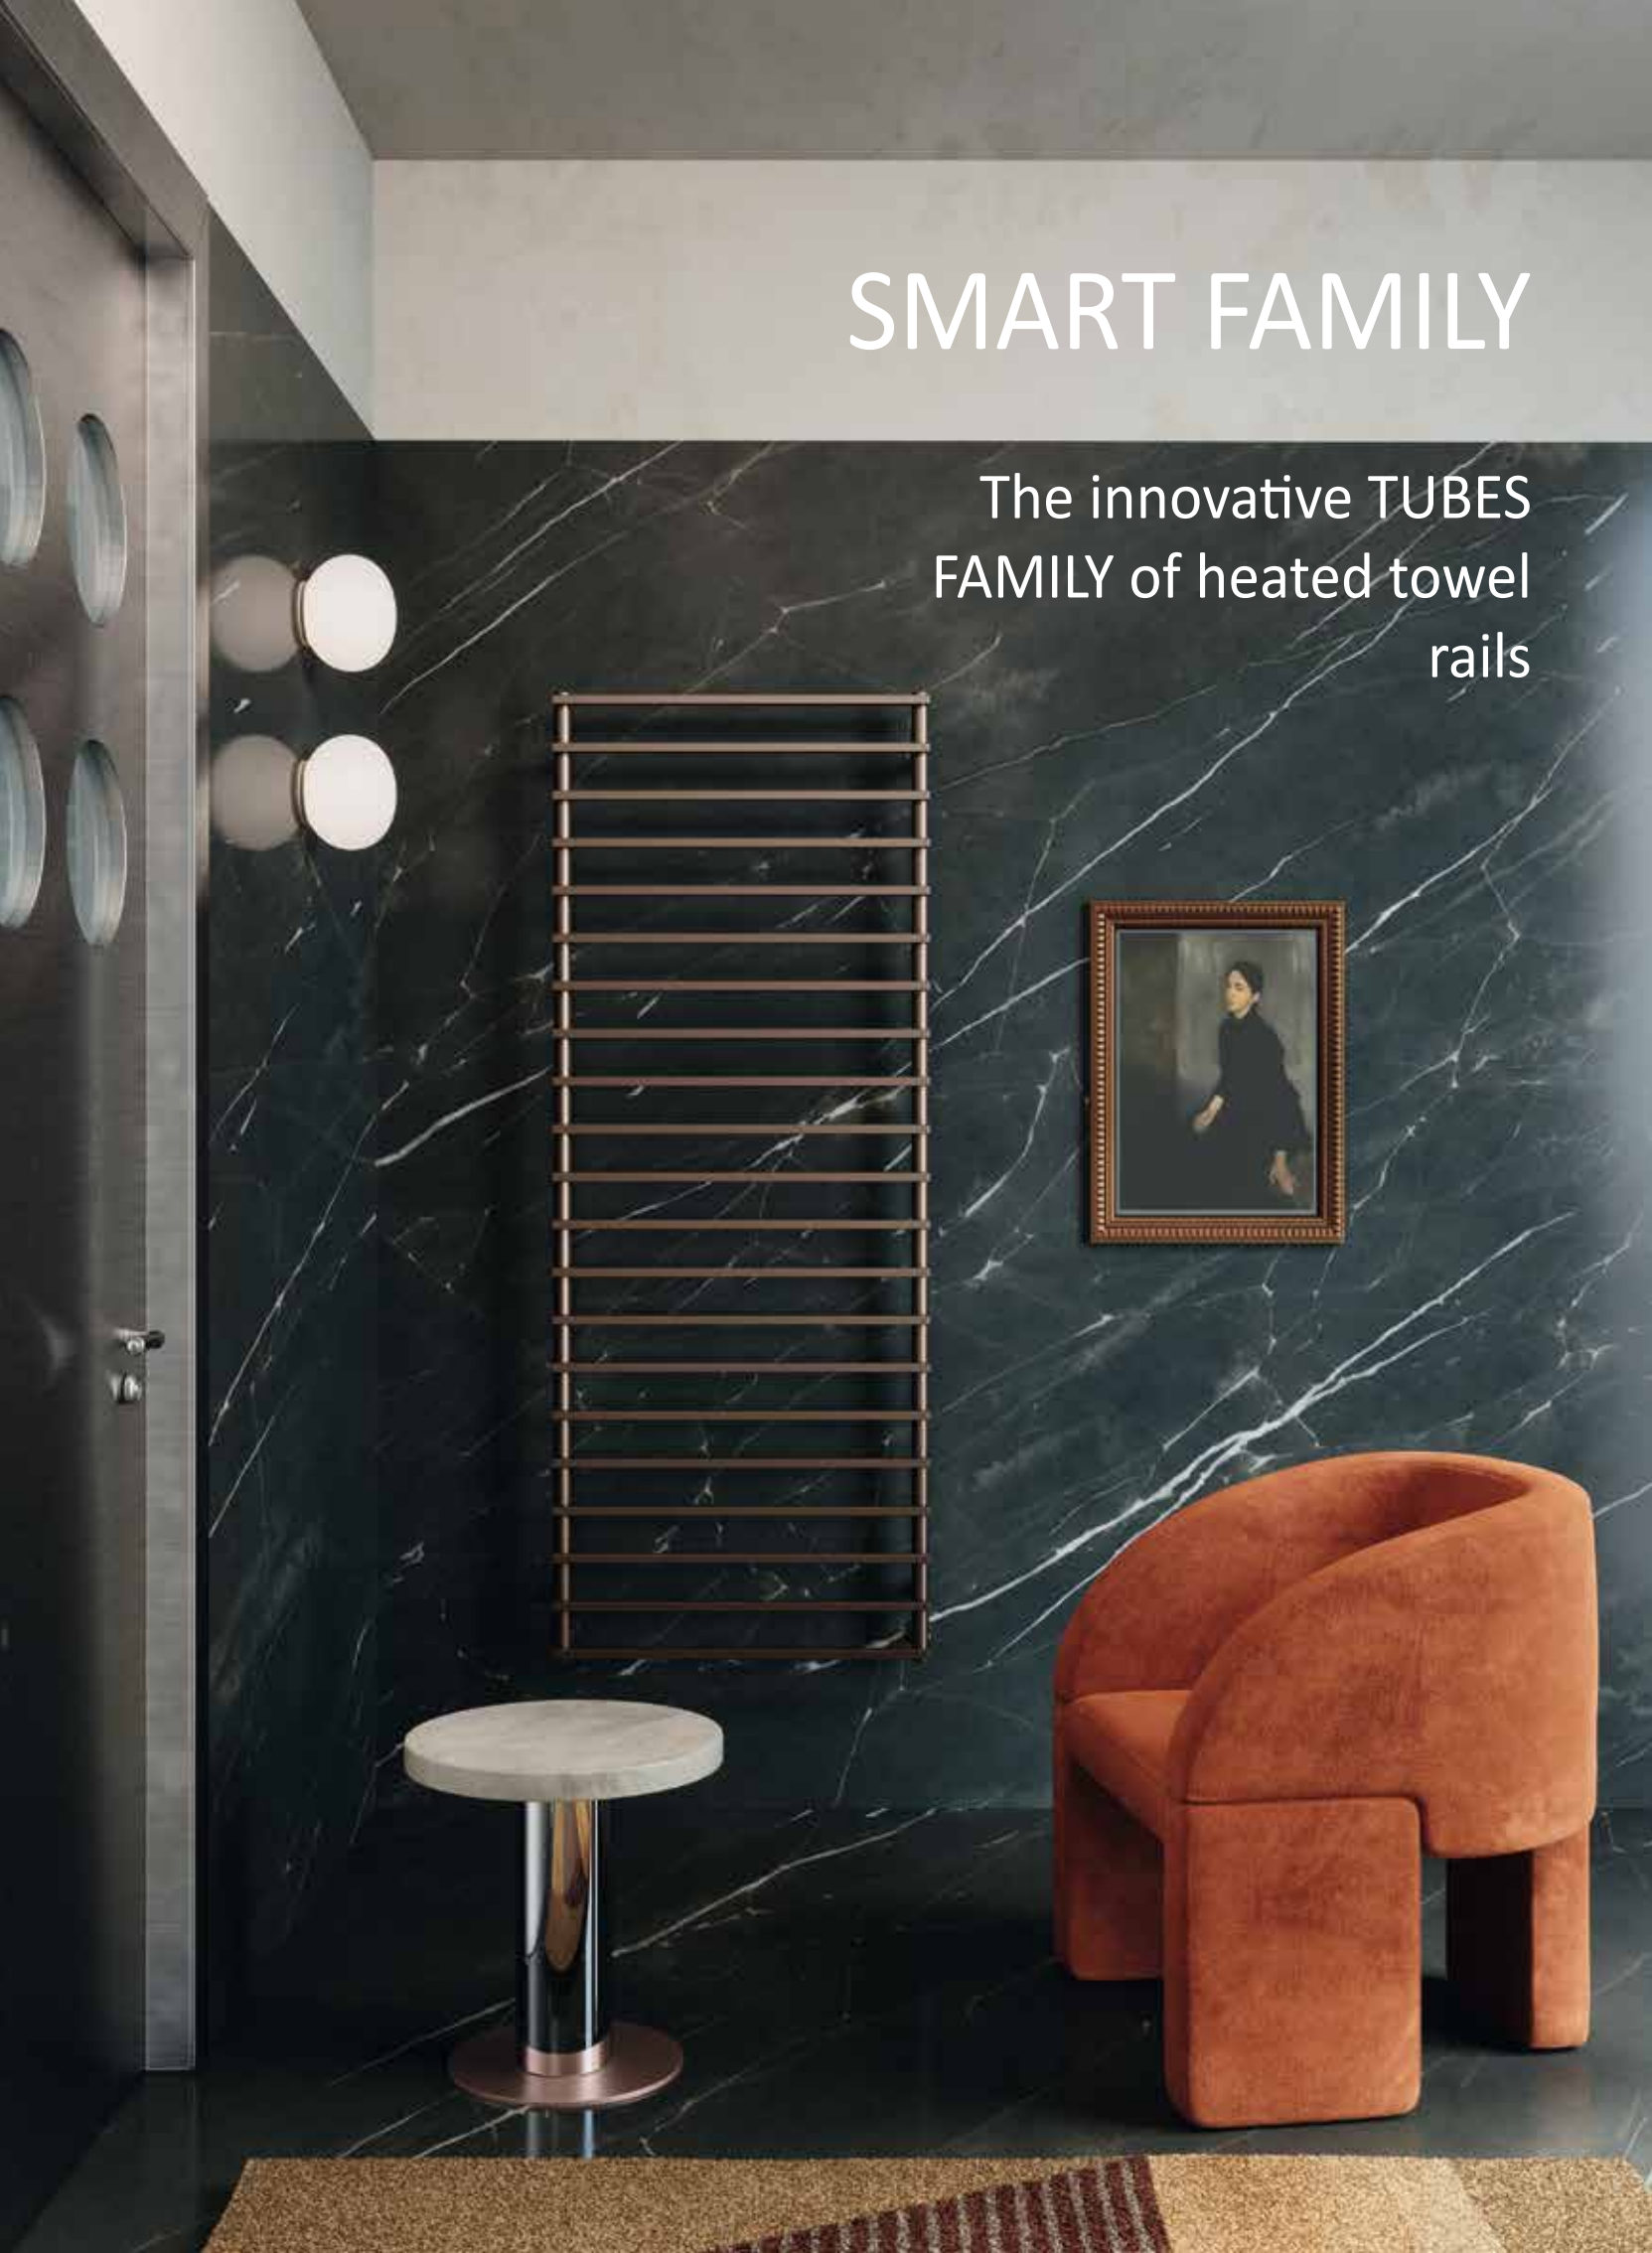

The elements making up the various models are:

15x15 square element	SMART_K	Coloured and Galvanic
10 mm round element	SMART_10	Coloured and Galvanic
Steel 10 mm round element	SMART_X	Brushed stainless
20 mm round element	SMART_20	Coloured
25 mm round element	SMART_25	Coloured and Galvanic
70x11 mm flat element	SMART_PS Slim	Coloured
70x11 mm flat element	SMART_PL Large	Coloured

SMART Family supplements the consolidated and famous line of heated towel rails in the BATH line.

SMART FAMILY

The innovative TUBES
FAMILY of heated towel
rails

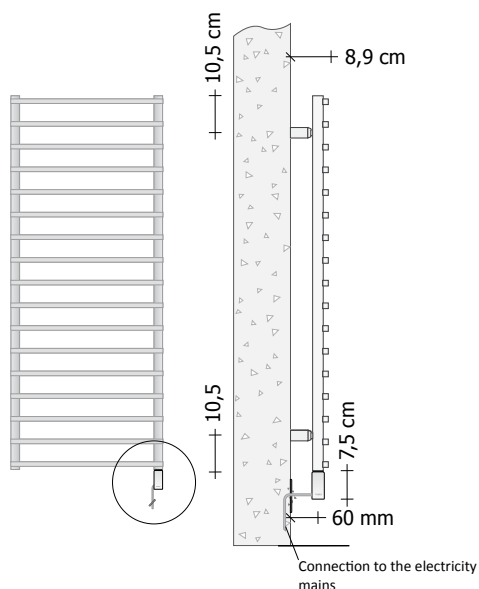

MIXED version: For the mixed version, please refer to the 2023 Price List on pages 76/78

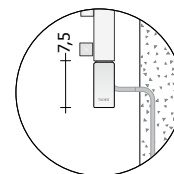

ELECTRIC VERSION WITH EDGE CAP

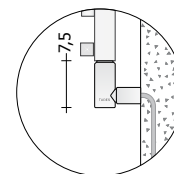

(Only available for the non EEC market and/or connected to a home automation system with characteristics complying with ECODEsign regulations)

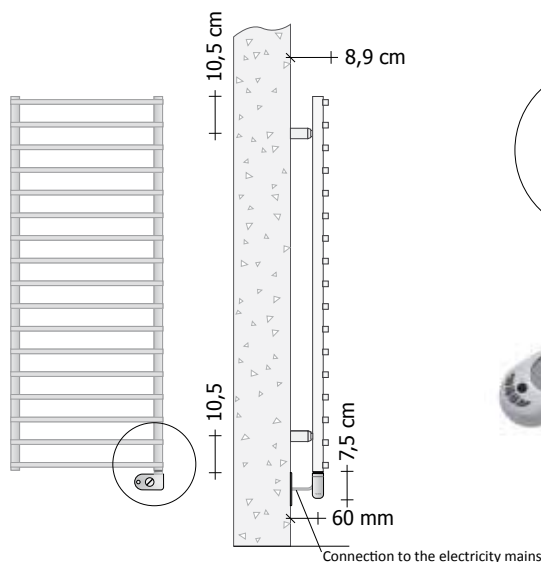

Connection to the electricity mains with Standard Edge Cap

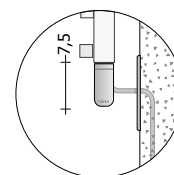

Connection to the electricity mains with DESIGN edge cap painted in the same colour (supplied with an extra charge)

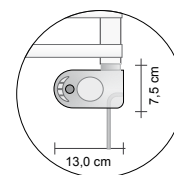

ELECTRIC VERSION WITH ECODEsign THERMOSTAT

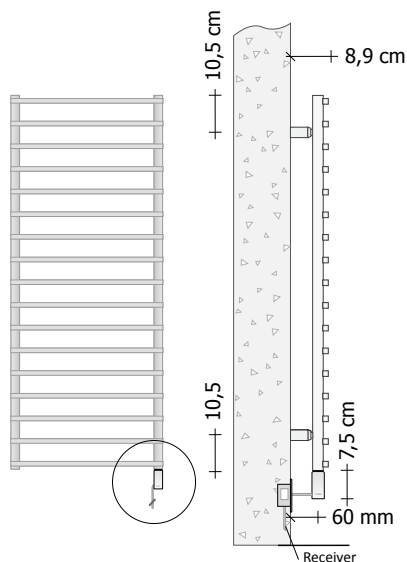

Connection to the electricity mains

ECODEsign Room Thermostat

ELECTRIC VERSION WITH WIRELESS ECODEsign CONTROLS

Digital Chronothermostat (code ZRF007)

The WIRELESS Thermostat requires the installation of the Receiver included in the price.
For the assembly diagram see page 330 of the official 2023 Price List.

Wi-Fi thermostat (code ZRF081)

The Wi-Fi Thermostat connected to the chosen model via cable is designed to manage the product via APP also remotely.
The Thermostat, available in the WHITE finish (code ZRF081) and BLACK (code ZRF082) must be connected to the household wi-fi.

* The DESIGN EDGE CAP is made of painted metal in the same Colour/Finish as the towel rail and it does not expose the heating element connection cable. This edge cap is supplied on request with an additional charge of € 65.00

*** ZRF WALL-MOUNTED THERMOSTATS**

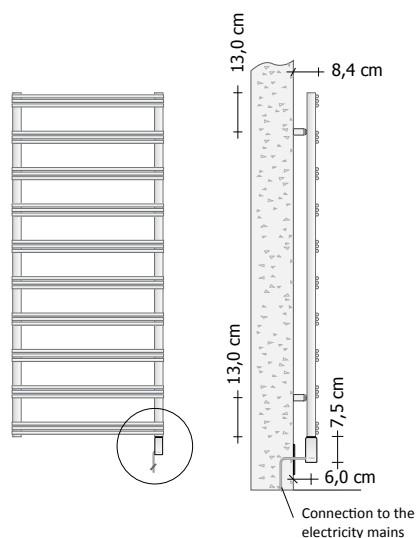

The electric version with ZRF wall-mounted thermostat can have the following possibilities by adding the following additional charges to the price shown in the table:

code ZRF 007	Wireless Thermostat + Receiver	No additional charge
code ZRF 082	Wi-Fi Thermostat Black	37,00 €
code ZRF 081	Wi-Fi Thermostat White	37,00 €

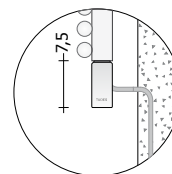

ELECTRIC VERSION WITH EDGE CAP

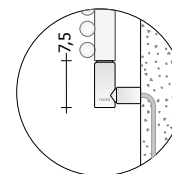

(Only available for the non EEC market and/or connected to a home automation system with characteristics complying with ECODesign regulations)

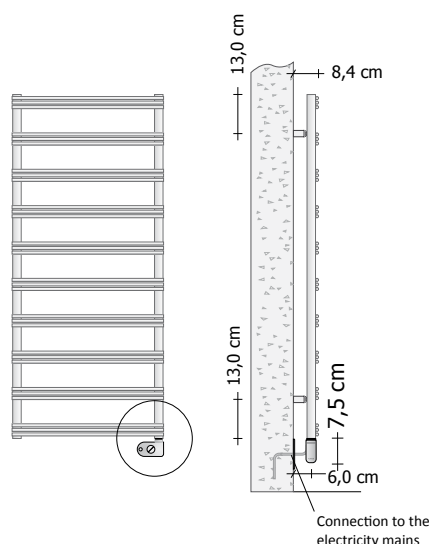

Connection to the electricity mains with Standard Edge Cap

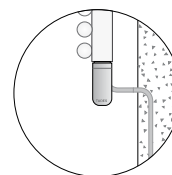

Connection to the electricity mains with DESIGN edge cap painted in the same colour (supplied with an extra charge)

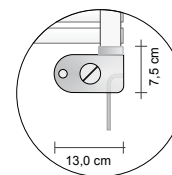

ELECTRIC VERSION WITH ECODesign THERMOSTAT

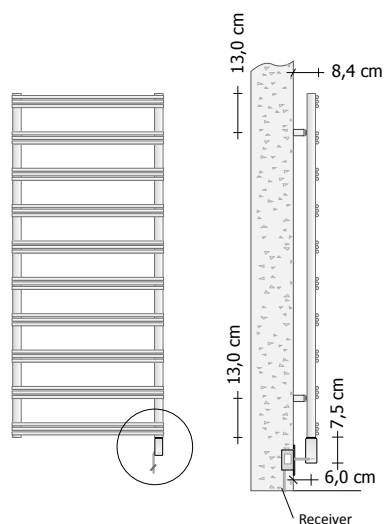

Connection to the electricity mains

ECODesign Room Thermostat

ELECTRIC VERSION WITH WIRELESS ECODesign CONTROLS

Digital Chronothermostat (code ZRF007)

The WIRELESS Thermostat requires the installation of the Receiver included in the price.
For the assembly diagram see page 330 of the official 2023 Price List.

Wi-Fi thermostat (code ZRF081)

The Wi-Fi Thermostat connected to the chosen model via cable is designed to manage the product via APP also remotely.
The Thermostat, available in the WHITE finish (code ZRF081) and BLACK (code ZRF082) must be connected to the household wi-fi.

ELECTRIC VERSION WITH EDGE CAP

Only available for the extra EEC market and/or connected to a home automation system complying with ECODesign regulations

* The DESIGN EDGE CAP is produced in painted metal in the same Colour/Finish as the towel rail and it does not expose the heating element connection cable, this end piece is supplied upon request with an additional charge of € 65.00

*** ZRF WALL-MOUNTED THERMOSTATS**

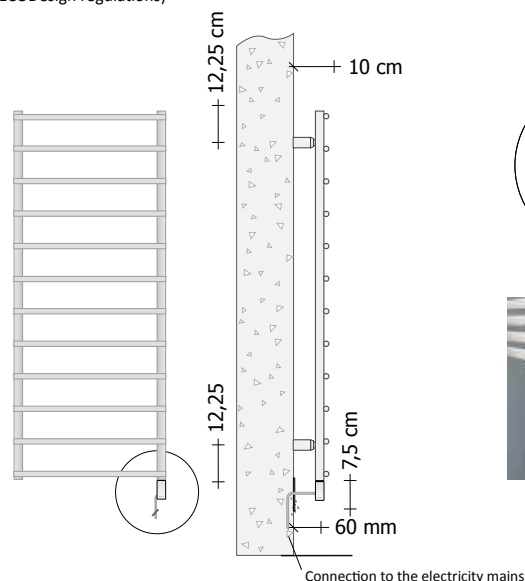

The electric version with ZRF wall-mounted thermostat can have the following possibilities by adding the following additional charges to the price shown in the table:

code ZRF 007	Wireless Thermostat + Receiver	No additional charge
code ZRF 082	Wi-Fi Thermostat Black	37,00 €
code ZRF 081	Wi-Fi Thermostat White	37,00 €

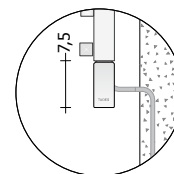

ELECTRIC VERSION WITH EDGE CAP

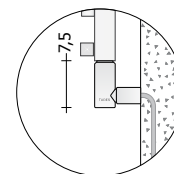

(Only available for the non EEC market and/or connected to a home automation system with characteristics complying with ECODesign regulations)

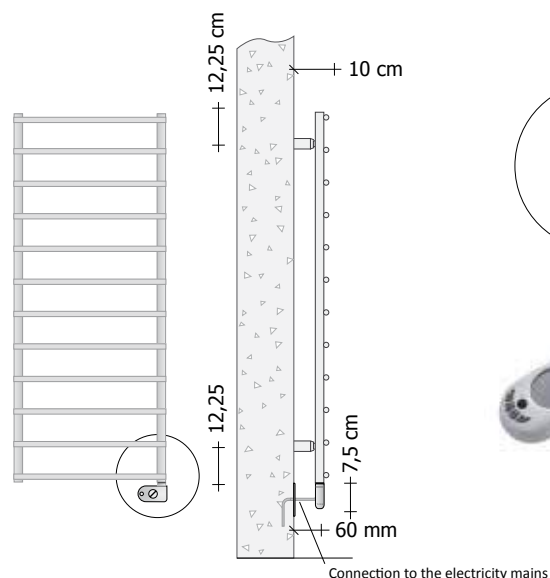

Connection to the electricity mains with Standard Edge Cap

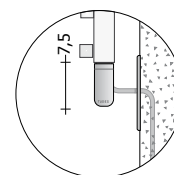

Connection to the electricity mains with DESIGN edge cap painted in the same colour (supplied with an extra charge)

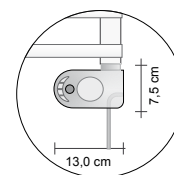

ELECTRIC VERSION WITH ECODesign THERMOSTAT

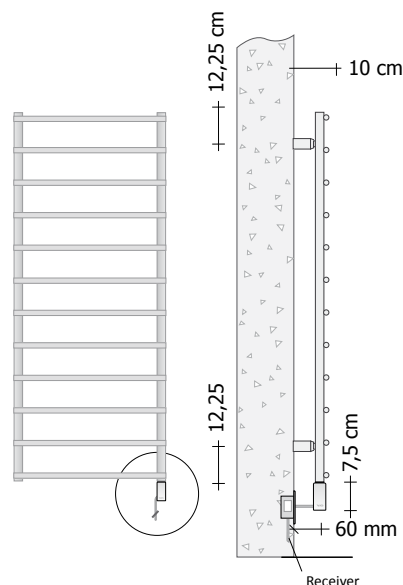

Connection to the electricity mains

ECODesign Room Thermostat

ELECTRIC VERSION WITH WIRELESS ECODesign CONTROLS

Digital Chronothermostat (code ZRF007)

The WIRELESS Thermostat requires the installation of the Receiver included in the price.
For the assembly diagram see page 330 of the official 2023 Price List.

Wi-Fi thermostat (code ZRF081)

The Wi-Fi Thermostat connected to the chosen model via cable is designed to manage the product via APP also remotely.
The Thermostat, available in the WHITE finish (code ZRF081) and BLACK (code ZRF082) must be connected to the household wi-fi.

Product code **SM20EL#120050U1ST9010****ADDITIONAL COLOUR CHARGES**

* The DESIGN EDGE CAP is produced in painted metal in the same Colour/Finish as the towel rail and it does not expose the heating element connection cable, this end piece is supplied upon request with an additional charge of € 65.00

*** ZRF WALL-MOUNTED THERMOSTATS**

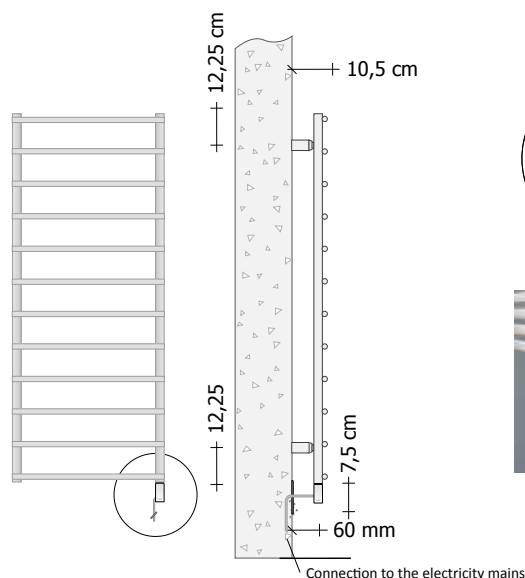

The electric version with ZRF wall-mounted thermostat can have the following possibilities by adding the following additional charges to the price shown in the table:

code ZRF 007	Wireless Thermostat + Receiver	No additional charge
code ZRF 082	Wi-Fi Thermostat Black	37,00 €
code ZRF 081	Wi-Fi Thermostat White	37,00 €

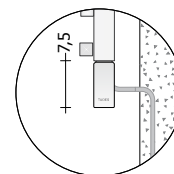

ELECTRIC VERSION WITH EDGE CAP

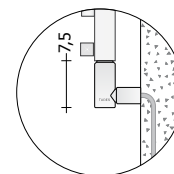

(Only available for the non EEC market and/or connected to a home automation system with characteristics complying with ECODesign regulations)

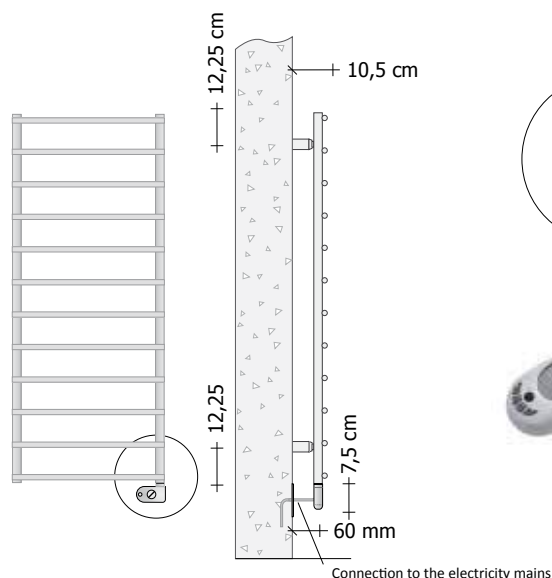

Connection to the electricity mains with Standard Edge Cap

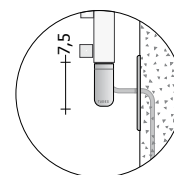

Connection to the electricity mains with DESIGN edge cap painted in the same colour (supplied with an extra charge)

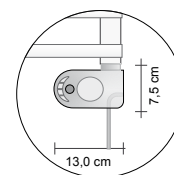

ELECTRIC VERSION WITH ECODesign THERMOSTAT

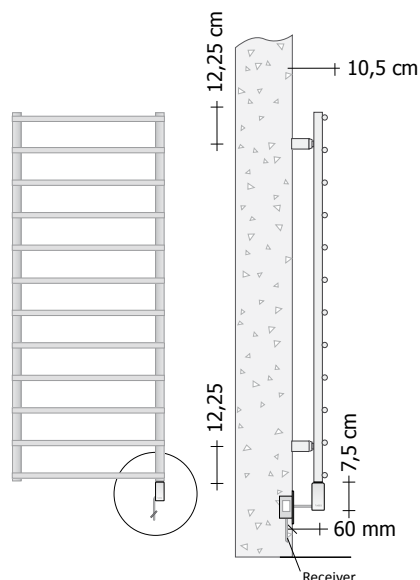

Connection to the electricity mains

ECODesign Room Thermostat

ELECTRIC VERSION WITH WIRELESS ECODesign CONTROLS

Digital Chronothermostat (code ZRF007)

The WIRELESS Thermostat requires the installation of the Receiver included in the price.
For the assembly diagram see page 330 of the official 2023 Price List.

Wi-Fi thermostat (code ZRF081)

The Wi-Fi Thermostat connected to the chosen model via cable is designed to manage the product via APP also remotely.
The Thermostat, available in the WHITE finish (code ZRF081) and BLACK (code ZRF082) must be connected to the household wi-fi.

ELECTRIC VERSION WITH EDGE CAP

Only available for the extra EEC market and/or connected to a home automation system complying with ECODesign regulations

code ZRF 081	Wi-Fi Thermostat White	37,00 €

MIXED version: For the mixed version, please refer to the 2023 Price List on pages 76/78

CONNECTORS The heated towel rails are supplied as standard with connectors "OB1"

If different connectors are required, strictly indicate this in the order. **IMPORTANT:** the connectors for heated towel rails and radiators connected to the same system must all have the same configuration, otherwise operating problems may occur.

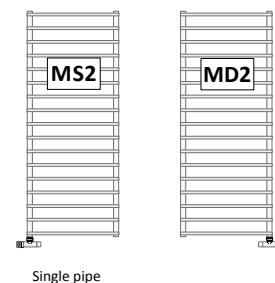

Special connectors

Provided upon request WITH an additional charge of € 70,00

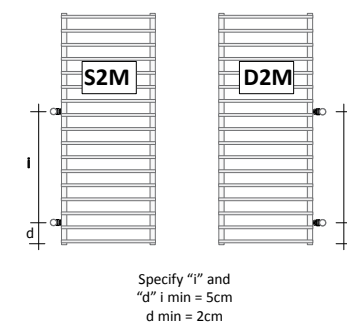

Connectors on request

Available upon request AT NO additional charge.

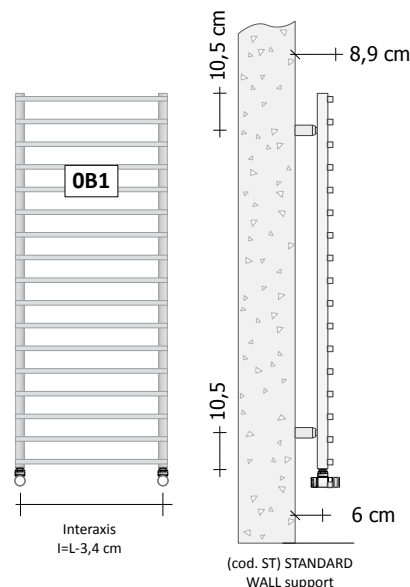

Custom-made connectors

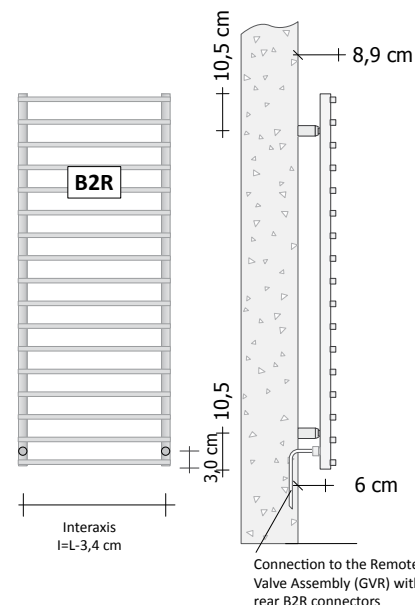

Available upon request WITH an additional charge of € 70,00

STANDARD HYDRAULIC VERSION (Connectors OB1)

	Plated finishes: See table of Tubes special finishes Colored Finishes: see categories C0, C1, C2 and C3 of the Tubes color chart * The price does not include the cost of the thermostatic head (see page 320)			

IN THE PACK

The heated towel rails are supplied with their respective standard supports (code ST), that include the wall fixing shelves, pressure anchors and the respective vent valve, all included inside the pack and included in the price.

CONNECTORS The heated towel rails are supplied as standard with connectors "OB1"

If different connectors are required, strictly indicate this in the order. **IMPORTANT:** the connectors for heated towel rails and radiators connected to the same system must all have the same configuration, otherwise operating problems may occur.

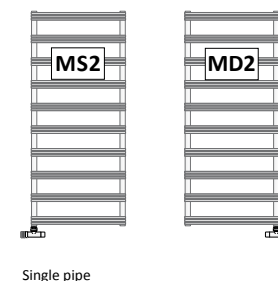

Special connectors

Provided upon request WITH an additional charge of € 70,00

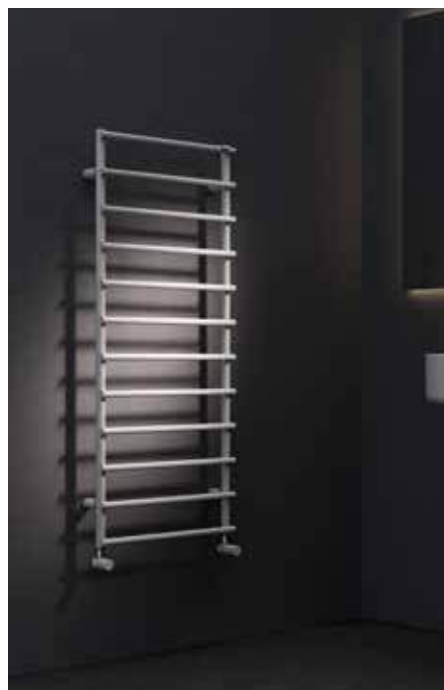

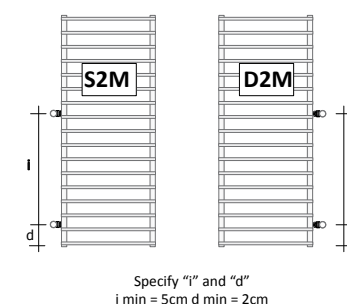

Connectors on request

Available upon request AT NO additional charge.

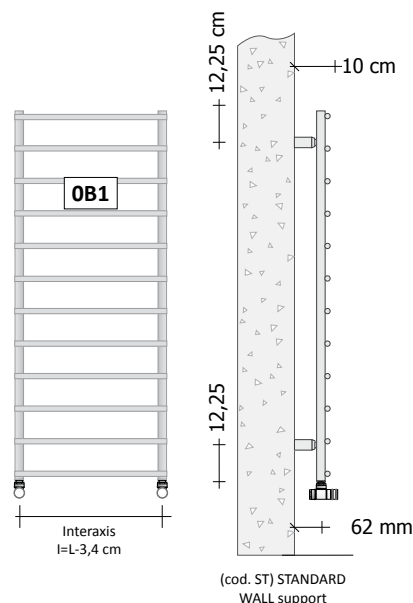

Custom-made connectors

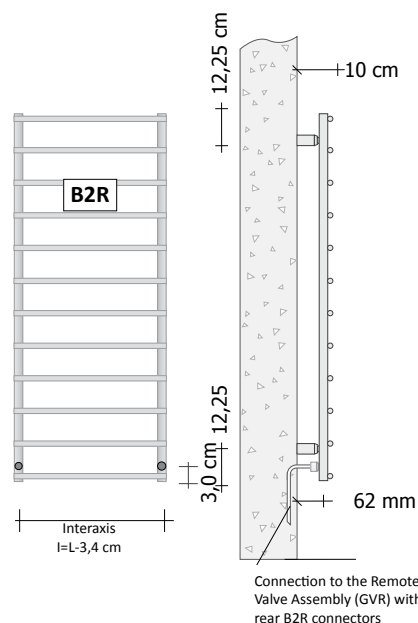

Available upon request WITH an additional charge of € 70,00

	Plated finishes: See table of Tubes special finishes Colored Finishes: see categories C0, C1, C2 and C3 of the Tubes color chart * The price does not include the cost of the thermostatic head (see page 320)			

IN THE PACK

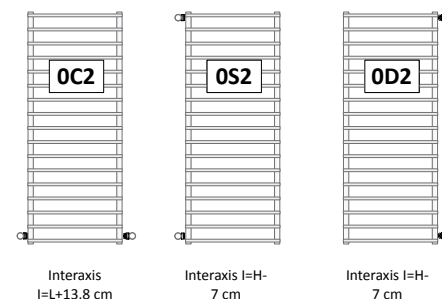

The heated towel rails are supplied with their respective standard supports (code ST), that include the wall fixing shelves, pressure anchors and the respective vent valve, all included inside the pack and included in the price.

STANDARD HYDRAULIC VERSION
(Connectors OB1)

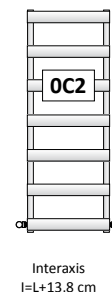

CONNECTORS The heated towel rails are supplied as standard with connectors "OB1"

If different connectors are required, strictly indicate this in the order. **IMPORTANT:** the connectors for heated towel rails and radiators connected to the same system must all have the same configuration, otherwise operating problems may occur.

Special connectors

Supplied upon request AT an additional charge of €70.00 (NOT available in the chrome version)

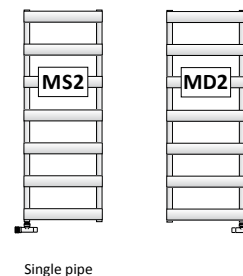

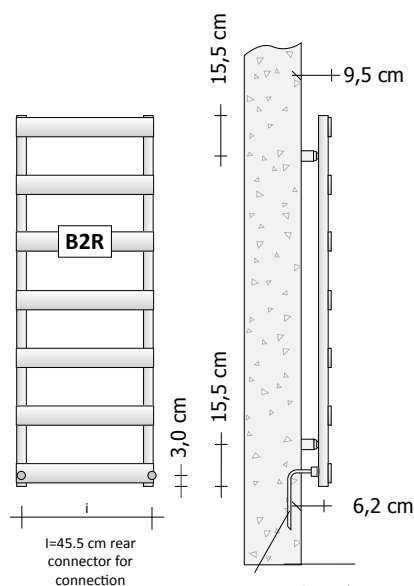

Connectors on request

Available upon request AT NO additional charge.

STANDARD HYDRAULIC VERSION
(Connectors B2R)

Single pipe

Standard convertible valves – Z1TLNR
For more information on the choice of valves, see p. 310

IN THE PACK

The heated towel rails are supplied with their respective standard supports (code ST), that include the wall fixing shelves, pressure anchors and the respective vent valve, all included inside the pack and included in the price.

TUBES has always supplemented the production of hydraulic models with the electric version using the simple version with a connection cable, but over time the brand has developed models incorporating increasingly sophisticated technology. Today, the connection with the Wi-Fi Thermostat is also available - once connected to the household network, it allows remote management too.

Below are the electric versions available for models in both the Basics and Elements collections:

- Standard version with cable for connection to the electrical system and/or home automation system.
- For the BATH and SMART Family heated towel rail lines, the version with traditional room Thermostat integrated into the heated towel rail.
- The version with Wireless Thermostat allows the desired model to be adjusted via wireless thermostat.
- The new version with Wi-Fi thermostat, devised in collaboration with Vimar, specifically for Tubes, that allows not only the manual temperature adjustment on the display via thermostat but also the programming and the management of the desired model remotely using the Vimar VView App, using the household Wi-fi network.

ZRF THERMOSTAT PRICE LIST

ZRF WALL-MOUNTED THERMOSTATS for all the models in the ELEMENTS collection

	WIRELESS Thermostat Radio frequency room thermostat kit with weekly programming for wall mounting, wireless and certified ECOdesign. The Kit includes the wall box radio frequency receiver which must strictly be installed. The thermostat is Matt White
	code ZRF007 Matt White 299,00 €
	Wi-Fi thermostat Wi-Fi room thermostat produced in partnership with Vimar designed to manage one or more electric models. The thermostat must be connected to the product via cable and connected to the Wi-Fi network. Allows the radiator to be managed manually or remotely using the dedicated Vimar View App and/or voice assistants (Google Home, Amazon Alexa, IFTTT services).
	code ZRF081 Matt WHITE/Number with LED backlighting 336,00 €
	code ZRF082 Matt BLACK/Number with LED backlighting 336,00 €

PRICE CALCULATION of ELEMENTS models with ZRF wall-mounted Thermostats

The price of an ELEMENTS model with ZRF Thermostat control is calculated simply by adding the price of the chosen ZRF Thermostat to the price of the desired article.

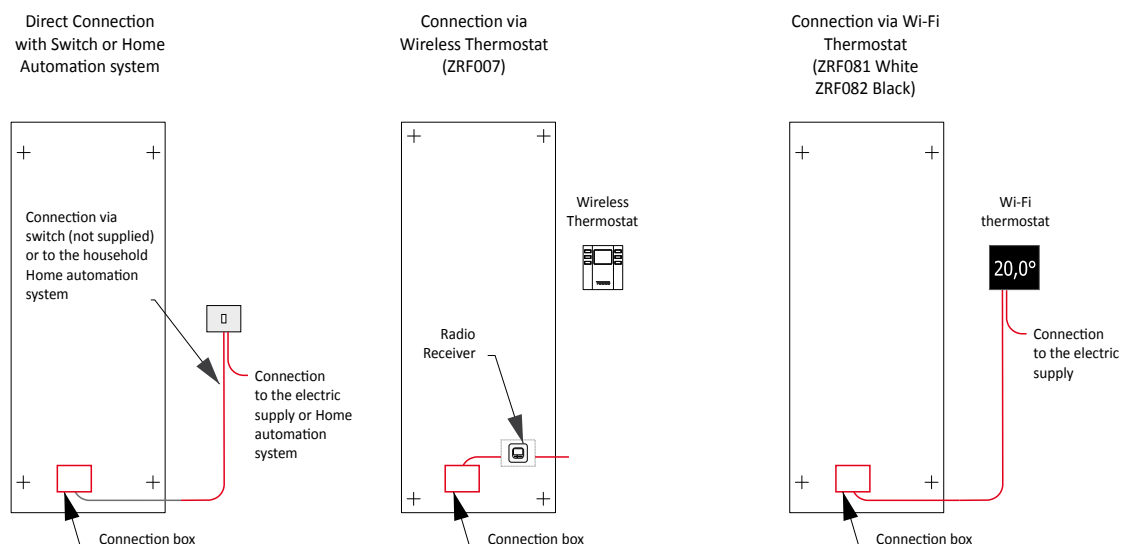

For instance:

SQUARE model, Electric version, Height 160, Width 56.0, in White (page 242 of Price list 2023.eu.EN) + Black Wi-Fi Thermostat (see above)

SQV#ELE160056	9010	2.126,00 €
ZRF082	Black Wi-Fi thermostat	336,00 €

To place an order, indicate the two articles separately.

INSTRUCTIONS for set-up

ADDITIONAL CHARGE PRICE LIST FOR BASICS COLLECTION WALL-MOUNTED THERMOSTATS

ADDITIONAL CHARGE PRICE LIST FOR WALL-MOUNTED THERMOSTATS of the BASICS1 collection of electric HEATED TOWEL RAILS¹
The electric version with ZRF wall-mounted THERMOSTAT can have the following variants and related additional charges to the price shown in the table:

ADDITIONAL CHARGES FOR ZRF WALL-MOUNTED THERMOSTATS		
code ZRF 007	Wireless Thermostat + Receiver	No additional charge
code ZRF 081	Wi-Fi Thermostat White	additional charge of 37,00 € on the price in the table
code ZRF 082	Wi-Fi Thermostat Black	additional charge of 37,00 € on the price in the table

EXAMPLE TABLE

ELECTRIC VERSION WITH WALL-MOUNTED THERMOSTATS*											
Model	Colour code of the edge cap			Code DESIGN*	ZRF Thermostat Codes*			H (cm)	L (cm)	Electrical	Price
	White	Anthracite Grey	Chrome	Edge Cap	Wireless	WI-FI	WI-FI			Resistance	Standard White
						White	Black			(Watts)	Cat. C0 (€)
SM15KEW#080040	U5	V5	Z5	T5	007	081	082	77,9	40,0	200w	911,00
SM15KEW#080050	U5	V5	Z5	T5	007	081	082		50,0	200w	925,00
SM15KEW#080060	U1	V1	Z1	T6	007	081	082		60,0	300w	936,00

* The DESIGN EDGE CAP is made of painted metal in the same Colour/Finish as the towel rail and it does not expose the heating element connection cable. This edge cap is supplied on request with an additional charge of € 65.00

PRICE CALCULATION of BASICS¹ HEATED TOWEL RAIL models with ZRF wall-mounted Thermostats

The price of a BASICS Heated towel rail with ZRF Thermostat control is calculated simply by adding the LUMP-SUM SURCHARGE specified in the table “ADDITIONAL CHARGES FOR ZRF WALL-MOUNTED THERMOSTATS” on the page for the desired article.

Example for the model shown below:
SMART_K model, Height 77.9, Width 50, Edge cap Code U5, Black Wi-Fi Thermostat ZRF082, Standard support ST and Standard White 9010 (page 27 of this price list)

code SM15KEW#080050	U5 ZRF082 ST 9010	925,00 €
Additional charge for Black Wi-Fi Thermostat	ZRF082	37,00 €
Final price	Black Wi-Fi thermostat	962,00 €

To place an order, indicate the complete code SM15KEW#080050 U5 ZRF082 ST 9010.

¹ The following table of ADDITIONAL CHARGES for ZRF wall-mounted Thermostats also applies to the models in the ELEMENTS collection where the version with “Wireless Thermostat” is indicated, i.e. for SOHO Electric and TRAME Electric.
